

The Puzzle Wizard SUBSCRIPTIONS

New subscribers

Subscriptions are available for *World of Crosswords*, *Crossword Magic*, *All Giant Crosswords*, *All Large Crosswords* and *All Quick Crosswords*. Each of the five magazines are quarterly publications, meaning you have a total of twenty magazines per year from which to choose. All five magazines are the same size, each comprising 88 pages including front and back covers. Every puzzle in every magazine is an original puzzle. Please note that *All Giant Crosswords*, *All Large Crosswords* and *All Quick Crosswords* are available on a subscription basis and are not sold in newsagents.

Costs start at \$28 for subscriptions of four issues and are based on the number of issues in the subscription. For example, any subscriptions of eight issues cost \$52, twelve issues \$76, right through to the crosswords fanatic's two-year subscription comprising all five books – a total of forty books for \$205, working out at only \$5.12 per issue. All prices, which include postage for addresses within Australia, are considerable savings on what you'd pay over the counter. And don't forget that subscriptions make great gifts for friends or relatives.

Existing subscribers

If you are currently a subscriber to one or more titles and would like to receive different titles, you are welcome to transfer your existing subscription to a different subscription comprising any or all of the range of books. Any remaining issues due to you on your existing subscription will be reassigned to the upcoming issues of the selected books as they are released. If you wish to do this, you may simply tick the relevant box(es) under the section 'Existing Subscribers' on the form below, and forward it to the address shown. Or if you prefer, you may drop me a line or send an email to greg@puzzlewizard.com.au.
